DIVIDERS & SNEEZE GUARDS

SAFE OFFICE SPACE DIVIDERS

In everyday life you sometimes forget how easy it is to protect yourself and others by maintaining simple hygienic standards. We have reworked some of our products to help you remind people about this.

Do you need to communicate information? Is there an important message that needs to be displayed? Will your message change frequently?

Use and re-use – just update the graphic when you need to communicate a new message. We offer solutions to help serving your customers and keep your customers informed.

SAFE CUBBIES SNEEZE GUARDS

Protection on both sides! Not everything can be handled completely without contact. In some areas or situations, personal encounters are unavoidable. In such cases, a sneeze guard helps protect your staff, customers, and visitors.

- Resistant aluminum extrusions
- Easy to clean acrylic glass
- Quick and easy assembly
- Protects your staff/customers/visitors
- Custom messaging and logos are available.
- Choose from direct digital print, reposition-able decals and vinyl cut lettering
- Tools are not required to install either standard design.
- Custom heights and widths are available to fit your specific location.
- In addition to the two free-standing standard designs, we also have extensive custom capabilities to meet almost any need.
